Mr. Lee Foster has over 10 years of experience in program policy, development and implementation. His background includes a combination of emergency management, judicial system and investigative experience as well as completion of a Master's degree in Homeland Security Administration. Mr. Foster brings experience in developing and administering complex projects, trainings and exercises as well as the strong ability to communicate goals and objectives to Clients.

Since joining ARMADA in 2012, Mr. Foster has served as Project Manager for over 50 Emergency Preparedness and Security projects. As Director of Preparedness Programs, Lee has direct involvement with all Preparedness projects from business development, proposal development and direct project delivery.

Key projects in which Mr. Foster has served as a Project Manager include ARMADA's engagement on the FEMA Planning and Technical Assistance (PTAS) ID/IQ contract, State of Connecticut EMAP, State of Ohio Recovery TTX, Raytheon Missile Systems Emergency Preparedness Auditing, City of Boston Police Department Regional Investigation and Intelligence Full Scale Exercise, Franklin County Emergency Management and Homeland Security's Central Ohio Cybersecurity Workgroup as well as roughly 30 HSEEP compliant exercises ranging from workshops to Full Scale Exercises.

Mr. Foster has been the keynote speaker for the 2010 People First of Ohio conference (emergency planning for advanced needs populations) and the 2012 Ohio VOAD Conference (Social Media in Emergency Preparedness).

Mr. Foster is a past member of the Ohio Voluntary Organizations Active in Disaster Board of Directors, the Ohio Alliance of Information and Referral Systems (Ohio AIRS) Board of Directors. Mr. Foster is currently an Advisory Board member to the Franklin University Emergency Management and Homeland Security Degree program. He is also an adjunct faculty member in the same program.
